Salt Lake City, UT 84114-5801

Dear Mr. Kunzler:

This letter is in response to the one mailed on October 17, 2002 from the Division of Oil, Gas and Mining. Staker & Parson Companies is in the process of obtaining updated engineered site maps of the Lehi Quarry (M/049/031), and the Ekins East Quarry (M/049/032). Five-year quarry uses for these sites are also being updated. These projects are being done to facilitate the DOGM Permit Name Change transfer from Valley Asphalt to Staker & Parson Companies.

In regards to the Lava Bench Pit (S/023/006) Staker & Parson Companies is evaluating the use of this pit and whether we want to maintain it. A decision should be made in the next couple of months.

Please notify me in writing if there are additional requirements needed to finalize transfer of the permits.

Sincerely,

Staker & Parson Companies
